Instructions for Authors

I. General Information

Papers submitted for publication in Revista de Economía y Estadística must be written in Spanish or English and should not simultaneously be submitted for publication in other journals. Received papers will be considered by a Board of Associate Editors, composed by well known and prestigious specialists. Articles will be subject to the double blind procedure (anonymous authors and referees).

Electronic versions of originals (word or excel) must be sent to the Editors to the following e-mail address: rev_econo_estad@eco.unc.edu.ar. It is the authors' responsibility to ensure that the file is completely legible in any personal computer (not only in the one in which the article was written). Not legible files will not be accepted.

Title page. The title page will include:

- The **article title**, which should be short, self explaining and bearing the paper's essence.
- The **authors' name** and permanent affiliations, followed by their current postal address, e-mail address and telephone or fax number.
- The title page will also include single paragraph **abstracts**, in Spanish and in English, of not more than 100 words each and a list of two to five **keywords**.

Footnotes. Footnotes will be kept at a minimum and numbered consecutively and designated by superscripts in the text. All footnotes should be typed double-spaced and they will not include formula.

References. All bibliographical references quoted in the text should follow the format prescribed by the International Organization for Standardization-ISO 690 (printed documents and special materials) and ISO 690-2 (electronic documents and their parts), available in internet for consultation. The list of references will be presented in alphabetic order.

Formula. They should be numbered consecutively throughout the text [e.g. (1), (2), etc] on the right of the page. It is recommended, in case of abbreviated formula display, to separately submit their complete derivation (which will be not published).

Tables and Figures. Tables as well as figures should be identified with Arabic numbers and will have a legend and the source (whenever it applies). Figures carrying photographs will be presented in brilliant, good quality white and black copies. Tables, references and figure legends should be written in separate pages.

Organizations and Institutions. Organizations and Institutions quoted or mentioned in the paper will be indicated with their complete denomination and the corresponding initials between brackets.

Annex. Authors are advised to send, enclosed to the paper, the file with the database used for estimations and the construction of tables and graphics.
